

Bilton Grange Primary School

Curriculum Delivery Plan

This curriculum delivery plan has been devised with close reference to the most recent DfE guidance for the full opening of schools

	Academy Irust
TIER ONE	 Focus on high quality teaching and learning as normal. Class teachers to use information gathered through diagnostic assessments and informal.
THER ONE Children who are in school	 Class teachers to use information gathered through diagnostic assessments and informal formative assessments such as quizzes, multiple choice activities written by teachers to gauge recall of essential knowledge etc in order to plan teaching and learning over the coming weeks. This will involve a range of approaches such as: Revising prior learning. Daily basic skills practice. Planning new learning which takes account of any 'missing essential knowledge' from the previous year. Targeted group planning to focus on missing essential knowledge from previous year's curriculum. Organised sequences of teaching provision for groups to ensure "catch up". Using foundation subjects to support and practice basic skill development such as specific reading objectives (fluency, comprehension, SPAG, vocabulary development, handwriting etc). Continuing to use short sessions in the afternoon to tackle children's learning loss in reading, writing and maths from the previous year's curriculum.
	 Contrasting practical foundation subjects to be taught in the afternoon/ A full curriculum to be taught taking account of the school's risk assessments/enrichment afternoons in KS2. You will be emailed a suggested daily timetable of learning for your child. There will be enough
TIER TWO	activities to cover the minimum hours provision. KS1- 3 hours a day. KS2- 4 hours a day.
Individual or small groups of children who are self-isolating E.g. awaiting test results/ quarantining after a family member or close contact has tested positive	 The remote learning plan will include: Links to English and Maths lessons on BBC Bitesize, the Oak National Academy or White Rose Maths. The objectives will be the same as those being covered in class that week. As far as possible, science, history, geography/chosen foundation subjects will also link to what the children would have been learning in class. For families having difficulty accessing technology, where possible, iPads or laptops will be loaned out. 4G routers may also be available. Where appropriate, paper copies of the tasks will be available for children without access to a suitable electronic device or connectivity. In the event of a short absence, children will be able to bring their work back into school with them for feedback. In a more prolonged absence, some children may be able to submit some of their work via the school email address and can also bring in their work book on their return to school. This will help class teachers to judge the child's engagement in learning and identify any areas where a child may need extra support on their return to school. It will not be possible for teachers to provide live lessons for these children as they will be

TIER THREEIf itA closed bubble due toexpa positive case of Covidena	 Lease refer to the remote learning plan also on the school's website. it is necessary to close a bubble then the children will be provided with a range of additional upport to support their learning. This will link to the child's year group national curriculum expectations. Any tasks set will be meaningful, ambitious and sequenced in such a way that nables the children to develop skills and knowledge incrementally and will include clear bjectives for each subject in the unit of work. As a minimum the units of work will include: EYFS/KS1- 3 hours a day provision. KS2- 4 hours a day provision. Daily English and Maths learning and links to video lessons where appropriate. Teachers will send links to video lessons in English and Maths from the Oak National Academy, BBC Bitesize and White Rose Maths. Objectives will be from the child's year group national curriculum expectations but not necessarily linked to their current learning. English should include reading, writing, SPAG (spelling, punctuation and grammar) and
A closed bubble due to sup a positive case of Covid end	 apport to support their learning. This will link to the child's year group national curriculum spectations. Any tasks set will be meaningful, ambitious and sequenced in such a way that hables the children to develop skills and knowledge incrementally and will include clear bjectives for each subject in the unit of work. As a minimum the units of work will include: EYFS/KS1- 3 hours a day provision. KS2- 4 hours a day provision. Daily English and Maths learning and links to video lessons where appropriate. Teachers will send links to video lessons in English and Maths from the Oak National Academy, BBC Bitesize and White Rose Maths. Objectives will be from the child's year group national curriculum expectations but not necessarily linked to their current learning.

•	 EYFS/KS1- 3 hours a day provision. KS2- 4 hours a day provision. Daily English and Maths learning and links to video lessons where appropriate. Teachers will send links to video lessons in English and Maths from the Oak National Academy, BBC Bitesize and White Rose Maths. Objectives will be from the child's year group national curriculum expectations but not necessarily linked to their current learning.
TIER FOUR Thi	 handwriting. Maths work should include arithmetic, mental maths, fluency, problem-solving and reasoning. Topic work- including science- where possible, linked to the children's current learning and building on skills and knowledge already taught. This learning will include clear objectives and links to quality resources. Where possible, these will link to the children's current learning. Physical activity (ideas for how to stay active during their time at home) Where possible, the teaching team will organise a time for children to discuss their work, receive support and feedback and ask any questions they might have. This may be via a phone call, email communication or small-group Zoom meetings. In preparation for this, all parents will be expected to confirm that they have read and agreed to the school's agreed protocols for these sessions. the first instance, the same approach will be taken as in the closure of a bubble.

Our commitment	Throughout the coming months of uncertainty and possible on-going disruption to leaning for some pupils, the following fundamental principles will apply.
	 Strong teaching remains the single most important factor in addressing learning gaps and improving outcomes for our pupils. Clear explanations, explicit instruction, scaffolding of leaning, flexible groupings in class to take account of different learning needs are key strategies used within the classroom. Detailed on-going assessment (diagnostic/standardised assessments and low-stakes assessments such as quizzes, questioning and daily interactions etc) of children's learning to ascertain what has been forgotten or what has not previously been securely learnt due to school closure or extended on-going absences due to self-isolation. A broad and balanced curriculum, with a focus on literacy and numeracy (including across the curriculum) is an entitlement for all pupils. Communication and engagement with parents will be a priority. Curriculum information, meet the teacher events and parent teacher consultations will continue, using technology and one to one conversations as appropriate. Interventions and 'catch up' will be planned to meet the on-going needs of pupils throughout the year. This will take account of lost learning during lockdown and any on-going lost leaning for individuals and groups as a result of self-isolation and will include support for social, emotional and behavioural aspects of learning. Professional development for staff will be a priority, and will be focused on individual need as well as on whole school priorities identified through feedback.
